	<ul> <li>Sensory, Medical and Physical – Hearing Impairment, sensory processing difficulties, Epilepsy.</li> </ul>
	<ul> <li>Communication and Interaction – Autism, Asperger's Syndrome, Speech and Language Difficulties.</li> </ul>
	<ul> <li>Social, Emotional and Mental Health – attention deficit hyperactivity disorder.</li> </ul>
	Our SENCo has over 16 years' experience in the field of SEND, having worked as SENCo in two different schools
	across two different local authorities.
	Our team of 7 teaching assistants have extensive experience and training in planning, delivering and assessing
	intervention programmes.
	All of our staff are trained each year on the needs of new students joining the school – this can include training from
	specialist agencies or consultants, as well as from our SENCo or other staff with relevant expertise.
	SEND training forms part of the continuing professional development of all teachers and TAs and is organised in
	accordance with the needs of our children.
	The SENCo regularly reviews and plans the training, guidance and advice that staff across the school need to
	ensure they meet the additional learning requirements of our children.
	The SENCo also delivers a SEND update and provides a SEND report to the school governors every term.
	The SENCo is also a trained Lead Reviewer for the SEN Peer to Peer Reviews which take place in all schools in
	the Local Authority.
	The SENCo is also a trained ELSA and delivers ELSA interventions to individual children in school.
	The SENCo is also currently undertaking a Postgraduate Certificate in SpLD (Dyslexia) with ATS/AMBDA which
	will enable dyslexia assessments and specialist teaching to take place in school.
Policies for identifying	At Culcheth Community Primary School we know and value all of our children. We have rigorous ongoing teacher
children and young	assessments and termly pupil progress meetings with members of leadership team to identify those pupils making
people with SEN and	less than expected progress. The first response to such progress is high quality targeted teaching by the class
assessing their needs:	teacher. Where progress continues to be less than expected the class teacher will discuss their concerns with the SENCo.
	In deciding whether to make special educational provision, the teacher and SENCo will consider all of the
	information gathered from within the school about the pupil's progress, alongside national data and expectations of
	progress. This information gathering will include an early discussion with parents/carers and where appropriate the
	child. There begins a four-part cycle (assess, plan, do, review) through which earlier decisions and actions are
	revisited and revised. This leads to a growing understanding of the pupil's needs and what supports the pupil in
	making good progress and securing good outcomes. This is known as the graduated approach. It draws on more
	detailed approaches and more specialist expertise in successive cycles. If the support needed can be provided by
	adapting the school's core offer then a child might not be considered SEN or placed on the SEN register. If,
	however, the support required is different from or additional to what is ordinarily offered by the school, the child will
	normally be placed on the SEN register at "SEN Support." The school will then seek to remove barriers to learning
	and put effective special educational provision in place.

	Further details can be found in the school's SEN policy which can be found on the school website.
Arrangements for	We operate an open-door policy where parents are strongly encouraged to come into school to speak to the

of children with SEN	We share feedback about the children's learning on an on-going basis with parents as well as next steps in
and involving them in	learning. We also discuss ways in which parents can support their child's learning at home and there is a section
their child's education:	dedicated to this on our Individual Educational Plans (IEPs).
	Parents are invited to contribute to school life in various ways such as participation on the Governing body, PTA,
	annual parent questionnaire, parent discussion groups with the head teacher and as volunteers to come into school
	to support children with their reading.
